

# RO-100

Water for drinking, beverages, and preparing foods should be safe and free from harmful contaminants.

RO-100 water provides clean, pure water for:

- Drinking for family and pets
- Beverages, such as iced tea and coffee
- Cooking
- Refilling water bottles for on the go
- Everyday life

Why RO water is better than bottled water:

- RO water costs pennies per gallon
- Available fresh at your kitchen sink
- Spare your back moving bottles and 5 gallon jugs
- No more plastic bottles, better for the environment
- Peace of mind for the quality of water in your home
